

Spin the Secret Society Meter™!

Yes, now you can belong to a secret society, infernal cabal, esoteric order, splinter group, apostasy, sub-sect, schism or Mystery School of your choice within the nurturing context of your membership in Daughters of Divination.

Your DOD membership entitles you to opt for any (or all!) of the splendid groups noted below OR you can make up an entirely new one! Just be sure to register it with us so it's "official." If you'd like, we'll tell you about the group you join, or you can make up the rules, requirements and accoutrements yourself. You can have meetings, initiate others, launch a bid to take over the known Universe, storm the bastions of heavenly and temporal power. It's up to you! Feel free to let us know from time to time what you're up to with your newfound wisdom and awe-inspiring might. We might even feature your metaphysical saga in The Belfry if it's sufficiently entertaining (or enough of a warning to others).
